

The Royal Docks Medical Practice

Travel Questionnaire

Welcome to the Royal Docks Medical Practice. We provide travel vaccinations that are free to all NHS registered patients (see below). **We are a designated Yellow Fever Centre**

Details of vaccinations you will need for your travel destination can be found on www.fitfortravel.nhs.uk. Please check this website before you visit us so you are aware of any vaccinations you may require.

The fit for travel website also provides advice regarding malaria medication that you may need for your travel destination. Malaria medication can be obtained from local pharmacies.

The practice nurse will give you an overview of the vaccines you require but will only be able to provide you with specific advice on the vaccinations that they are providing free on the NHS

Important Information

- We may not be able to give some vaccines if you have had some live vaccines or blood products within the last few months please check with the nurse.
- Pregnant & breast feeding women should avoid all live vaccines (MMR or Yellow fever, Oral Cholera, Oral Typhoid)
- If you have an illness (cough, cold, sore throat or other infection including a fever) you should postpone the vaccinations until you feel better

Vaccinations which are free to all NHS registered patients:

Hepatitis A	Free
Combined Hepatitis A & Typhoid	Free
Typhoid	Free
Diphtheria, Tetanus, Polio	Free
Cholera Oral vaccine	Free

Chargeable/ Private vaccines, unless charge stated below you will need to visit a Private travel clinics – vaccines are listed below:

Disclosure

The Royal Docks Medical Practice provides travel vaccines which are provided free on the NHS. We are a designated Yellow Fever Centre.

- We advise booking well in advance of your holiday to ensure we have appointments available.
- If you fail to attend your appointment or arrive more than 5 minutes after the start of your appointment then due to pressure on appointments you will not be able to book a further travel appointment for 2-4 weeks and you will be advised to visit a private travel clinic for the vaccinations you require.
- It is your responsibility to book travel vaccinations in good time (2-6 weeks prior to travel).
- The practice nurses will only be able to give you advice on the vaccinations that they will be providing.

Declaration

I have no reason to think that I might be pregnant. I have completed the above form to the best of my knowledge and I consent to have vaccinations administered to me by the nurse/clinician.
